

What will this year look like?

As we are looking forward to in person engagement this school year ASF will provide many means of divine intervention on campus whether it be throughout reflections, watch parties, or worship and praise sessions. We welcome all people from any background to our club.

African Student Fellowship

Mission Statement

We aim to not only create a safe space for an African Christian culture but invite others to learn more about the word of God and join us in celebration of African culture.

This will be beneficial for students who are international or outside the city of London to have familiarity and something they are accustomed to which will aid in their transition to a new environment

How did ASf come to be?

During Western Worship's prayer time, a collective group of African students (which is now the current executive team) came together as one in prayer. After an powerful session of prayer and spiritual fellowship, in that moment it became apparent that God called us together for a specific reason and soon after we all came with the idea to start a club for students from the African diaspora who are also Christian after seeing that there were clubs for students from other ethnicities who also had Christ-centered organization. From there on after countless executive meetings and collaborative ideas we are now blessed to have African Student Fellowship for the
