Palestinian Cultural Club - UWO

palestiniancultural.club@westernusc.ca

WHAT is the Palestinian Cultural Club..?

The Palestinian Cultural Club is a student club created with the goal of celebrating the beauty that is Palestine (& its culture, hence the very creative name).

Palestine is in the media often but rarely showcasing the ~aesthetic~, the richness of its history or even the significant and prestigious religious presence.

Although the politics is very relevant, we want to showcase the true Palestine. Being that most are unable to visit, **this is our effort to provide all of you with a home away from home**. Preserving the rich history and the centuries old culture is something our team truly values.

All our events have Palestine in mind, all our fundraisers have Palestine in mind, all of our giveaways and prizes have Palestine in mind.

This year our team is made up of one Iraqi, four Palestinians, three of which have lived in Palestine - one in Gaza and two in AlQuds (Jerusalem) - so our perspectives are very diverse but well versed in how to help you fully experience Palestine.

Our club is of course open to every single person that has a curiosity and love for Palestine and its culture, we welcome everyone for a very fun time!

THE TEAM:

President:

Adan Watad, عدن وتد
