

Western Pre-Veterinary Society

About Us

We are a club for Western students interested in veterinary medicine, research, or other animal-related fields.

We strive to provide opportunities to help our members fulfill the requirements for veterinary school, gain animal experience, and meet like-minded people.

Exciting Events

Survival Guide

We go over course recommendations, admission requirements, and animal experience advice to help you improve your vet school application for various vet schools.

Vet Talks and Student Presentations

We have veterinarians from different career pathways and students from different vet schools talk about their experiences and interests.

Facility Tours

We bring members on tours of animal facilities including research facilities on campus and the humane society.

Animal Experience Days

We aim to help our members gain animal experience by doing volunteer trips to animal sanctuaries and rehabilitation centres.

International Presentations

We organize presentations from volunteer abroad companies and international school organizations to inform members of opportunities to travel abroad.

....And much more!!

Why should you join?

- Meet people with similar interests
- Network with veterinarians and vet students
- Learn about admissions processes and ways to improve your application
- Gain valuable animal experience
- Receive a Western Foodies discount card!
