

TEA CLUB

statement

for the community
for the community
for the community

The ongoing situation continues to impact local businesses. Through Tea Club, students can help the London community by showing our support. Our team works to bring you discounts generously provided by these sponsors, so you can enjoy the vibrant tea culture of London. (but not *that* London)

for the experience
for the experience
for the experience

Everyone is welcome here. Tea Club promotes an active but chill club culture through big and small events. Last year we took this experience online to channels such as FB/IG, zoom, tiktok, and a newly-minted Discord server! Whether it's tips on tea or intense trivia matches, come and hang out.

P.S. We host contests and giveaways for prizes!

why join?

discounts
in-store & online! some shops even deliver to your door

events & people
super awesome! friendly campus and online culture plus speakers, collabs, and memes

hiring execs!

- events

about us

The only UWO club for tea lovers—or if you just happen to enjoy a cup!

We wanted to have an environment for everyone to make friends and learn about tea along the way.

Our team hosts many interesting events throughout the year! Past examples include game & movie nights, study sessions, tastings, trips to local London tea shops, tea tutorials, International Tea Fest, and our annual Tea Party!
