

First and foremost, The Purple Spur Society provides a community for all members with the goal of enhancing their university experience in a meaningful way. We use our vast outreach and strength in numbers to make significant contributions to hand-picked charities every year, raising \$10,000 for True North Aid last year alone. This year, we have chosen to support Urban Haven Project, a local London charity that aims to support those most in need in our community.

urban**haven**

The Urban Haven Project was founded in 2016 as an initiative to bring hope and dignity back into the lives of those most marginalized members of the London community. They have proudly served over 20,000 individuals, and the need is rapidly growing. We have partnered with them this year to help them in their noble pursuit. Our donation will help them meet tangible needs such as clothing, food, and essentials, as well as programs designed to make long-term impacts on these people's lives.

As a Spur member, you receive a free t-shirt and a small sticker to attach to your student card, ID, or phone case that gives you the following:

- 10% off food at Toboggan Brewing Company, Joe Kool's, and Fellini's from Sunday-Thursday
- Two-for-one tickets to all Spur events (usually \$5.00 per ticket)
- Bar perks (free cover and line bypass on certain nights) to be released upon the easing of COVID restrictions
- More perks coming soon!

***All proceeds we collect from membership fees and event ticketing (after expenses) are donated to The Urban Haven Project.*
