WE ARE YOUR RESOURCE FOR PSYCH-RELATED
NEWS, EVENTS, AWARENESS, AND MORE!

SO... WHAT DO WE REALLY DO?

The WPA is a social and academic club for those interested in psychology (you don't have to study psych to join!) to connect, share interests, gain research/volunteer opportunities and learn about psychology-related fields.

We hold social, academic, and volunteer events, and provide you with the opportunity to connect with psych-graduates, professors and even industry professionals!
